The image displays a wireframe for a web application named "PetPlanet". The layout is divided into several sections:
1. **Header**: A browser window at the top with navigation icons (back, forward, close, home) and a search bar. Below it is a navigation bar with a "Heading" dropdown menu and a hamburger menu icon.
2. **Left Sidebar**: Contains a "PetPlanet" title, a "Modifica dati animale" button with a pencil icon, and a "Cerca nuovi PetFriend" button with a magnifying glass icon.
3. **Main Content Area**:
 - On the left, a large photo of a brown and white dog sitting in a forest.
 - In the center, a form with three input fields labeled "Nome", "Razza", and "Sesso". Below these is a "Group Name" label and a large text area.
 - On the right, a "Group Name" label and a text area containing a checkmark icon.
4. **Bottom Section**: Three large, light gray rectangular boxes, each containing a smaller white rectangle, likely representing image placeholders or content cards. The first box has a small pencil icon in its top right corner.
5. **Footer**: A small icon in the bottom right corner.
